Joash Yeoh | Student of NYP
Portfolio Site

PROFILE

Technically driven and hands-on AV student with experience in equipment setup, system routing, and on-site troubleshooting. Strong understanding of audio-video signal flow and control systems, with practical exposure to lighting programming and show control environments, in both Education and House of Worship live production settings. Seeking to contribute to AV system integration projects while developing expertise in installation, commissioning, and system optimisation.

EDUCATION

Nanyang Polytechnic
2024 - 2027

Diploma in Infocom and Media Engineering – Specalised in Media Technology & Systems
Through the three academic years, covering various aspects of computer programming, web design and development, networking and specialised in AV systems and infrastructure.

Canberra Secondary School
2020 - 2023

Singapore-Cambridge GCE O-Level Graduate
Accomplishment of the Singapore-Cambridge General Certificate of Education Ordinary Level (GCE O-Level), attaining a L1R5 score of 13 and L1R4 of 10.

Endeavour Primary School
2014 - 2019

Singapore Primary School Leaving Examination
Accomplishment of the Singapore Primary School Leaving Examination, attaining a T-score of 224.

EXPERIENCE / PROJECTS

Hope Singapore
2026

Audio System Install
Set-up and install of an audio rack along with loudspeakers in a multi function community space.

Nanyang Polytechnic
2026

Astera Tube Lighting Set-up and Programmer
Lighting rig design and set up of Astera tube lights (Pixel, Titan & Helios Tube) including programming of lights on GrandMA3 for Diploma End Semester Showcase event.

Hope Singapore
2017 - Present

Church Video Media Graphics Team
Working with graphics for live-productions, and with video projection systems to integrate graphics and lower-thirds for broadcast as well as live LED wall projections.

Nanyang Polytechnic
2026

Audio-Video-Lighting Project & Showcase - Lighting Project
Conceptualized & implemented a lighting show on the theme of “Born Of Fire”, featuring the song “Blood and Stone – Audiomachine”. Show won the best and most popular project showcase award.

Nanyang Polytechnic 2026

Psudeo Live-Stream Show

Anchored a team of four in the design & technical setup of a pseudo live-stream production, managing from initial concept to the final recording.

Nanyang Polytechnic 2026

NEXO Speaker System Design and Simulation

With the use of NEXO's NS-1 sound system simulation software, along with three other teammates we planned and proposed a loudspeaker system layout for the given venue.

Nanyang Polytechnic 2026

AV Control System Implementation

Collaborated with a teammate to design and implement an AV system for a training room scenario using Crestron Pro3 processor. Developed iPAD based touch-panel interface with Crestron VT Pro-e and programmed the system using Crestron SIMPL Windows.

Nanyang Polytechnic 2025

Mock Podcast Audio Editing Project

Along with three other teammates, we worked on a podcast audio editing project, focusing on simple EQ, compression and spectral editing on Adobe Audition and Premier Pro.

Hope Singapore 2025

AVL System Install & Operations

Assisted in the install and set-up of AVL system in a multi-function room. Rigging lighting fixtures, running cables, setting up simple DMX controller.

Hope Singapore 2020 - Present

Multi-Cam/Multi-Source Video Mixing + Graphics

Regular involvement in LED wall graphics projection and video mixing for small scale events. Utilising ATEM video switchers.

Nanyang Polytechnic 2025

Responsive Movie Ticket Booking Website Design and Development

Designing and developing a ticket booking website via CSS, HTML and JavaScript/jQuery. Hosting the website locally via Wampserver and managing database via SQL Server Management.

Nanyang Polytechnic 2025

Ubuntu Linux OS Harderning Project

Exploring the Ubuntu OS and exploring methods to harden the server natively or with OS plugins. Carried out via a virtual Ubuntu OS on VMWare.

Nanyang Polytechnic 2025

Raspberry Pi Fundamentals with Python Programming

Utilising python program to enable the use of various sensors to trigger changes on the LED panel to display sensor values, through a Raspberry pi.

Nanyang Polytechnic 2024

Personal Portfolio Website Design and Development

Desgining a personal portfolio with the use of Adobe Illustrator and developing it to a website via the use of HTML and CSS.

Nanyang Polytechnic 2024

Interactive Snake Game (PokéSnake) Via C# Programming

Designed and developed a Pokemon themed and style snake game in C#, with interactive "battle" options and point system.

Nanyang Polytechnic 2024

Python Programming – Music Visualisation Project

With the use of Python, programming a 20 x 20 pixel panel to visualise Singapore's national anthem.

PyCharm
(Self-Initiated
Project)
2023

Simple Python Calculator Development
Introduction to Python programming via PyCharm to develop a simple in-line command Python calculator.

ACHIEVEMENTS / CERTIFICATES

Nanyang
Polytechnic
2024 - 2025

QSC – Q-SYS Training Certifications
Certificates attained via completion of the training courses:
- **Q-SYS Level Zero**
- **Q-SYS Architect**
- **Q-SYS Level 1**
- **Q-SYS UCI**

Nanyang
Polytechnic
2026

GrandMA3 Operator Certification
Attained official GrandMA3 Operator Certificate through an offical GrandMA3 trianing course.

Harman
Online Course
2026

Harman Video Essentials Certification
Completed Harman University's Video Essentials course online.

Nanyang
Polytechnic
2025

Certificate of Award | NYP Scholarship (Mid-Term)
Attained mid-term scholarship awarded by Nanyang Polythecnic

Nanyang
Polytechnic
2024 - 2025

Diploma in Infocomm & Media Engineering, Directors' List
- Year 2, Semester 1
- Year 1, Semester 1 & 2

Nanyang
Polytechnic
2024 - 2025

End Semester Project Showcases
Project showcases allocated to top few works of the class:
- **Year 2, Semester 2**
  - Audio-Video-Lighting Project & Showcase - Lighting Project
  - NEXO Speaker System Design and Simulation
  - AV Control System Implementation
- **Year 1, Semester 2**
  - Personal Portfolio Website Design and Development
- **Year 1, Semster 1**
  - Python Programming – Music Visualisation Project

National Youth
Council
2024

Certificate of Achievement | Our Singapore Leadership Programme (OSLP)
Certificate of Achievement awarded for active aprticipation and successful completion of the OSLP.

Canberra
Secondary School
2021 - 2023

Badminton CCA Team Vice-Captain
Achievements:
- 2023, National School Games (NSG) – North Zone B-boys 4th place
- 2022, National School Games (NSG) – North Zone B-boys 4th place

Canberra Secondary School
2020 - 2023

MOE Edusave Awards

Over four years in Secondary school, these are the Edusave awards attained:

- **Secondary 4 | 2023**
  - Edusave Scholarship
  - Edusave Character Award
  - Edusave Award For Achievement, Good leadership And Service (EAGLES)
- **Secondary 3 | 2022**
  - Edusave Scholarship
  - Edusave Award For Achievement, Good leadership And Service (EAGLES)
- **Secondary 2 | 2021**
  - Edusave Scholarship
- **Secondary 1 | 2020**
  - Edusave Schorlarship

SKILLS

Practical Skills

Dante – Audio Networking
GrandMA3 – Lighting Programming
Christie Pandoras Box – Media Server
OBS – Streaming & Recording
vMix – Streaming & Recording
Avid Protools – Audio Recording
Adobe Audition – Audio Recording & Editing
Adobe Premier Pro – Video Editing
Adobe Illustrator – Graphics Designing
Adobe Photoshop – Photo Editing
Adobe Lightroom – Photo Editing
Crestron Programming – Control System Programming
Extron Programming – Control System Programming
AV System Set-up & Operations
